برای مقاله عناوین زیر پیشنهاد می گردند:

// Influence Maxmization

A Multiagent Solution to the Influence Maximization Problem in Dynamic Social Networks // It's a multiagent model rather than a multiagent solution

Using Multiagent Systems to Model Influence Propagation in Dynamic Social Networks

Using Agent based Modeling to Model Influence Propagation in Dynamic Social Networks

An agent based model for Influence Cascade (Propagation) in Dynamic Social Networks

Identifying Influential Agents in Dynamic Social Networks Considering the role of Communities

A Multiagent Framework for the Modeling of Influence and Identifying Seed Nodes in Dynamic Social Networks

// Maximizing Product Adoption

Constructing [Launching] a Long Term Advertising Plan [Campaign] in Dynamic Social Networks using Agent Based Modeling[Informed Agents] [considering the communities]

Running an Effective [Advertisement] Campaign in Dynamic Social Networks using Agent Based Modeling [Informed Agents] [considering the communities]
